PUBLIC HEARING - General Plan Amendment, Circulation Element, Alternative Transportation Modes

RESOLUTION NO. 08-143

A RESOLUTION OF THE MAYOR AND COUNCIL OF THE CITY OF PEORIA, MARICOPA COUNTY, ARIZONA AMENDING THE CIRCULATION ELEMENT OF THE PEORIA GENERAL PLAN FOR THE CITY OF PEORIA, ARIZONA; AND PROVIDING FOR SEPARABILITY AND AN EFFECTIVE DATE.

PUBLIC HEARING: Mayor Barrett opened the Public Hearing and asked if any Councilmember or citizen wished to comment on the request for a major amendment to the Circulation Element of the General Plan to add language to promote alternative modes of transportation including light rail, commuter rail and express bus routes, and general housekeeping items related to existing goals, objectives and policies.

Staff Report/Public Comment:

Glen Van Nimwegen, Community Development Director, gave an overview of the major amendments to the Circulation Element of the General Plan.

Staff reported this amendment is being proposed to accommodate new development and to promote alternative modes of transportation including light rail, commuter rail and express bus routes. Further, State Route 74 is now classified as a scenic, rural highway.

Having no requests from the public to address this item, Mayor Barrett declared the Public Hearing closed.

Vice Mayor Carlat stated this plan takes into consideration the correction on State Route 74 and it is good for safe routes, bike lanes and multi-modal transportation. However, the City has a problem with how streets are laid because they cause arterial streets to be in the middle of communities; these streets become high-traffic areas not only for the communities, but they become cut-through traffic by design. The cut-through traffic becomes a problem for the residential homes along these areas. The problem is high-traffic and noise, and residential homes surrounding it. Discussion ensued about ways to deal with the design of streets and neighborhoods. Staff stated the issue can be addressed through a minor amendment to the General Plan and will be brought back before Council.

Council Action: Motion was made by Councilmember Hunt, seconded by Councilmember Aames to adopt RES. 08-143 amending the Circulation Element of the Peoria General Plan to add language that will promote alternative modes of transportation including light rail, commuter rail and express bus routes, and general housekeeping items related to existing goals, objectives and policies (GPA 08-07).
Upon vote, the motion carried unanimously.

5R  **Contract, Emanuel Martinez, Old Town Peoria Mural**

Grady Miller, Communications and Public Affairs Director, provided an overview of the request to approve the recommendation of the Peoria Arts Commission to have artist Emanuel Martinez produce a mural to be located in Old Town Peoria. Mr. Miller provided background on the Mural Project which is to be located at 83rd Avenue southeast of Washington. The project consists of a 30-foot by 12-foot painted mural. The Arts Commission is requesting City Council approval to commission Emanuel Martinez for the Old Town Mural Project at the cost of $30,000. The funding for this project is coming from the Percent for the Arts Capital Fund; all Capital Improvement Projects contribute 1% into this dedicated fund. The purpose of the Percent for the Arts Program is to help beautify the community.
If this request is approved, the next step will be to finalize an easement agreement and execute an artist contract, with the mural project beginning in January and a completion of no later than March 2009.

In response to questions from Councilmember Leone, Mr. Miller stated the City will be responsible for maintaining the mural.

Councilmember Leone raised concerns for approving this project when the City is cutting $6 million this year and $7 million next year from the budget. Mr. Miller clarified that the funding for the mural will come from a dedicated arts fund.

Councilmember Aames inquired about the chosen mural and if it will coincide with the recommendations from the Public Arts Study, the Arts Master Plan and the Downtown Revitalization Project. Mr. Miller stated the consultants have considered this Mural Project and that all future plans will be based on the Arts Master Plan.

a) Approve the recommendation of the Peoria Arts Commission to commission artist Emanuel Martinez to produce a mural to be located in Old Town Peoria; and
